**BEACH DAYS:** Join local teacher and Clinton Land Trust Board Member, Dana Skidmore, for 3 mornings of beach exploration. Children will be introduced to varying habitats: the salt marsh, the sandy beach and the mud flats. They will use bucket and dip nets as well as beach seines to experience the local marine life in the sound. They will get a crab's eye view of barnacles feeding, periwinkles grazing on algae, green crabs scurrying about, and ospreys flying overhead and great egrets majestically wading in the water.

**WOODS & INDIAN RIVER COMPLEX:** Discover some of Clinton's finest hiking trails! Spend 2 mornings with Mrs. Skidmore exploring local animal and plant species. Discover the mystery of a vernal pool and all of its inhabitants. Learn the difference between a red oak and a white oak tree, feel the strong bark of a tulip tree and experience the smell of a black birch tree branch. Listen to the woodland bird songs, discover many life forms that live under logs in the forest, and catch a glimpse of a painted turtle sunning itself on a log.
